Frequency Data on Certain BBC Transmissions in 1950 and 1953

REF : Memorandum to Chief, FBID, from Acting AD/SI, dated 15 March 1954,
subject: Request for Data on Transmissions.

1. As requested in reference memorandum for a special study on jamming techniques, the attached information in duplicate has been obtained by the FBIS London Bureau from the BBC covering the requirements specified.

2. Since the required data was rather lengthy, it was consolidated for a few dates on which the information was identical. These dates are clearly marked at the head of each attachment.

3. The information in the attachments is unclassified. All times quoted are GMT.
